

## Ideal

We want to offer our customers profitable solution through competence and service. Customer demands are our guidance and set our quality standards. The customer stands in the centre of our actions.

We see our employees as the foundation of our success. Our goals can only be reached with motivated and highly qualified co-workers.

Our main goal is to keep improving our employee-, customer- and quality - politics on all levels in the company, in order to ensure our abilities of survival and development.

We offer good partners a good partnership. While preserving our independence, we also use our options of cooperation in order to strengthen our position.

It is our goal to minimize all health- and safety risks in our industry.
